PROFESSIONAL SUMMARY

Results-driven Geomatics Engineering professional with expertise in GIS applications, remote sensing analysis, and surveying technologies. Licensed remote pilot with hands-on experience in aerial data collection and spatial analysis. Proficient in geospatial software, programming, and digital marketing analytics. Seeking to leverage technical skills and innovative problem-solving abilities in infrastructure development, agriculture, environmental monitoring, or geospatial consulting projects.

EDUCATION

Bachelor of Science in Geomatics Engineering and Geospatial Information Systems

Jomo Kenyatta University of Agriculture and Technology, Juja Main Campus | *Graduation:* December 2025

Relevant Coursework: Remote Sensing, GIS, Land Survey, Engineering Survey, Cartography, Programming, Photogrammetry, Spatial Database Management

Additional Education:

- Kenya Certificate of Secondary Education, Moi Forces Academy-Lanet (2019) - Grade A-
- Kenya Certificate of Primary Education, St. Mary's Mukumu Girls' Primary (2015) - Score 416

EXPERIENCE

Maps Validation Specialist | Uber | January 2026 – Present, Remote

- Perform desk-based quality control and validation of Points of Interest (POI) data to ensure accuracy, completeness, and reliability for mapping platforms.
- Verify POI attributes including business name, category, address, coordinates, operating hours, and status using trusted sources such as official websites, Google Maps, and verified directories.

-Accurately assess business status (open, temporarily closed, permanently closed) and reject entries with insufficient reliable evidence.

-Meet defined accuracy and productivity targets while working independently in a remote, structured workflow environment.

Virtual Assistant | *Premium Academic Affiliates* | July 2023 - Present

- Carry out all customer support functionalities and monitor client order progress
- Drive organic website traffic through strategic SEO content creation and optimization
- Conduct keyword research and implement SEO best practices using WordPress and Google Analytics
- Create engaging, educational content tailored to target audience needs and search intent

Freelance Data Annotator | *Upwork* | October 2024 - March 2025

- Performed precise image and video annotation for machine learning datasets
- Collaborated with international clients to meet project specifications
- Developed quality control skills transferable to geospatial data processing

Industrial Attachment - Engineering Surveying | *Remcosult Ltd* | May 2024 - July 2024

- Conducted engineering surveys for major infrastructure projects (Ngong Road, Dagoretti-Riruta Road)
- Performed static GNSS surveys for high-precision control point establishment
- Represented company at KENHA tender meetings and processed survey data using ArcMap
- Collaborated with surveyors to provide accurate data for road alignment and construction planning

Industrial Attachment - Land Surveying | *Geopas Licensed Land Surveyors* | May 2023 - July 2023

- Conducted boundary and fixed boundary land surveys for property demarcation and legal documentation
- Processed title deeds, prepared technical documentation, and drew mutation forms for property transfers
- Operated Total Station and GPS equipment for precise boundary measurements

TECHNICAL SKILLS

GIS & Remote Sensing: ArcGIS (ArcMap, ArcGIS Pro), QGIS, ENVI, Google Earth Engine

Surveying: Total Station, Static GNSS/GPS, Boundary Surveys, Engineering Surveys

Programming: Python, R, SQL, PostgreSQL/PostGIS

Design & CAD: AutoCAD

Digital Marketing: WordPress, Google Analytics, SEO Analysis, Keyword Research

Other: UAV Operations, Machine Learning

CERTIFICATIONS & TRAINING

- **KCAA Remote Pilot License (RPL)** - Geoid Technologies Drone Academy (July 2025)
- **Spatial Data Science** – ESRI MOOC (September – October 2025)
- **Project Management** – Coursera
- **Digital Marketing and E-commerce** - Coursera

REFEREES WILL BE PROVIDED UPON REQUEST
